

Golden Hour: the creation of a Paint-to-Sample 911 GT3

Beitrag von „Albert Motorsport“ vom 25. März 2022, 15:00

[Zitat von Porsche News International](#)

It is no small feat to craft a 911 – 1,500 workers touch each car during its two-day long assembly that starts with a shell and finishes by rolling off a line. Now, for the first time, a time lapse video shows the entire process, focusing on a very special 911 GT3, part of the Paint to Sample program.
