

2006 Porsche 997.1 C4S - Engine Rebuild Enquiry Due to Bore Scoring

Beitrag von „Albert Motorsport“ vom 3. Juni 2026, 16:43

Hello Albert,

Can you advise how much you charge for repairing a 2006 997.1 C4S engine, with 58k miles that has Bore Score (about 7/10 in terms of seriousness) across 6 cylinders.

Also, whether you take the car, or need the engine only ?
The car is located in the UK.

Kind regards

Jxxxx
