

# **I want to order 981 GT4 model exhaust and manifold.**

**Beitrag von „Albert Motorsport“ vom 1. April 2022, 10:33**

Hello Mr. Friedlich,

this exhaust system is a handmade exhaust version with a larger passage to the requirements of our customers, and has therefore a better exhaust gas routing than any other standard exhaust system.

These items are specially made to order. The production time is currently about 3 weeks with our current order situation.

Kind regards,
