

991 Carbon doors from Albert Motorsport

Beitrag von „Albert Motorsport“ vom 25. Juni 2024, 02:20

Eine tolle Bewertung unserer [991 Carbon Türen](#) von den Phillipinen.

A great review of our [991 Carbon doors](#) from the Philippines.

Good morning Jurgen,

The doors have arrived here [with the side windows](#), Im so happy they are great.

World class light weight products. We have already installed them. We just need to finish the door handles. The stock doors weighed in at over 30kg each. So your products have saved 25kg per door!

We also had the car wrapped in a new design for round 1 in July of our season here. Hope you like the picture.

Thank you again

Warmest regards

Mark
